## THE ROADWAYS AND SKYWAYS BACK TO SOUTH AFRICA....

Itineration - a term used to define what missionaries do when they return to their home country and travel church to church, city to city, friend to friend, giving updates about their mission's ministry. For us that means sharing about our life and ministry in South Africa. But really, itineration is more than that. Here are some things we enjoy about itineration:

- Giving updates about the Healthy Pastor & Healthy Church initiative in South Africa.
- Seeing friends and family for the first time in many years.
- Renewing old and establishing new partner relationships. It is a partnership that helps us do what we do in South Africa.
- Being in a different church almost every Sunday.
- Driving and flying thousands of miles from California to Maine and 10-11 states in between.

## WHEN ARE YOU GOING BACK TO SOUTH AFRICA?

We often get asked when we will be heading back to South Africa. When a missionary is asked this we typically have two answers, 1. OUR target to be back and 2. When we are ACTUALLY cleared to go back. So to answer question 1, we are aiming to return to South Africa by late September. And 2, we will only be able to return once we receive financial clearance. Financial clearance includes proof of needed monthly support and cash received.

**THANK YOU** very much to those who partner with us! If you are not a monthly partner would you consider joining our support team?

**Additional monthly support needed: \$1,800**  
**Cash needed: \$30,000**
