

Kirk and Marlene Spain

Serving the National Church in South Africa

Return to South Africa

It is hard to believe how fast the months have gone by since our return to South Africa from itineration. We have gotten right back into life here but do miss family and friends.

Our return also has meant starting into new ministry focus of partnering with the International Assemblies of God in the Healthy Pastor/Healthy Church initiative.

Thanks!

Again, we can't say thank you enough to each of you for your partnership in missions that helped us return to South Africa!

Our Website: www.kirkmarlenespain.com

Friendly faces meet us at the airport!

Open air church services!

Move to Pretoria....

Arriving back into South Africa also meant a move for us. Right before Christmas we moved to the capital city of Pretoria. This is to be more strategically located for nationwide travel and partnering with leadership.

Visiting Mission's Team....

We hosted a mission's team from Michigan. The Rock Church team ministered in urban South Africa very effectively. If you are thinking about a mission's trip please let us know. We would love to have you!

Ministry in churches....

One of our focuses is developing relationships with our national churches. We count it an honor when we are asked to share in services. Rev. Marlene does her part as well.

Family Visit...

We had fun right after Christmas as Marlene's parents and sister's family came to visit us. It is always an added blessing to spend time in South Africa with family.
